\$400,000 LIBERTY BONDS IS QUOTA

That Amount is Expected by the Government to be Subscribed for in Crow Wing County

Brainerd Represented by F. H. Simpson at the Banquet in St. Paul Honoring Secretary McAdoo

"Brainerd is expected to take \$200,000 Liberty bonds and Crow Wing county \$400,000," said George D. LaBar, president of the First National bank, just returned from a visit in Minneapolis. He said the Mill City is enthusiastic on the subject of the bonds and many are being subscribed for. Every employee of the National City bank of New York has taken a bond. At Minneapolis bonds are to be taken in installments of \$1 a week by employees. The rule is that each must take one. They bear 3 1/2 per cent interest and are non-taxable.

"If you don't go to the front, you must buy a Liberty bond," is the rule, said Mr. LaBar.

Brainerd is represented by Vice President F. H. Simpson, of the Citizens State bank of Brainerd, at the banquet to be given this evening for Secretary of the Treasury McAdoo in St. Paul.

Federal Office Holders Who Enlist to be Reinstated

(By United Press)
Washington, May 19.—A bill introduced in the house provides that any one holding an office under the federal government can hold it while in military service by waiving pay for the time of such service resigned. This will permit congressmen enlisting and getting their seats back after the war.

President Opposes Raising Volunteer Divisions.

Washington, May 19.—President Wilson has ordered that a division of regular troops, commanded by Major General John J. Pershing, be sent to France at the earliest practical date.

This is the answer of America to France's plea that the Stars and Stripes be carried to the fighting front without delay to hearten the soldiers battling there with concrete evidence that a powerful ally has come to their support against German aggression.

Following is the text of the terse announcement of the war department as to General Pershing's expedition:

"The president has directed an expeditionary force of approximately one division of regular troops under command of General John J. Pershing to proceed to France as early a date as possible.

"General Pershing and staff will precede the troops abroad.

"It is requested that no details or speculations with regard to the mobilization of this command, dates of departure or other facts be carried by the press, other than the official bulletins given out by the war department relating thereto."

Roosevelt Plan Is Opposed.

At the same time it was announced that Colonel Roosevelt will not be permitted to raise his volunteer expedition to carry the American flag against the Germans in France.

On signing the war army bill President Wilson issued a statement saying that, acting under expert advice from both sides of the water, he would be unable to avail himself at the present time of the plan.

Distribution of Guard Troops is Given Publicity

(By United Press)

Washington, May 19.—The distribution of national guard troops has been announced by the war department. The middle, western and northern state troops will be trained in the south to avoid inclement weather of the north. The division groups include eleven from Michigan and Wisconsin and are assigned to the southern department, the 13th division, North and South Dakota, Nebraska, Minnesota and Iowa, are assigned to the southern department and stationed along the border to replace Gen. Pershing's regulars. This keeps the men from each state together and the plan considered retains the state destination with that merged in the regular army.

ARMY BILL IS SIGNED

June 5 Set as Day to Register.

DUTY IS MADE PLAIN

President Wilson Issues Patriotic Proclamation.

Washington, May 19.—Designating June 5, between the hours of 7 a. m. and 9 p. m., as the date for registration of all male citizens of the United States between the ages of twenty-one and thirty-one and thirty years, President Wilson issued a sweeping proclamation declaring the selective draft provision of the war army measure in operation.

The proclamation recites the penalties for failure to register, falsification in registering, refusal of state or county officials to follow registration orders and many other penalties as provided under the measure.

Provision is made for the registering of absentees and men within the limits who are ill.

The proclamation follows, in part: "Now, therefore, I, Woodrow Wilson, president of the United States do call upon the governors of each of the several states and territories, the board of commissioners of the District of Columbia and all officers and agents of the several states and territories, of the District of Columbia and of the counties and municipalities therein to perform certain duties in the execution of the law, which duties will be communicated to them directly in regulations of even date herewith.

Sets Date for Registration.

"And I do further proclaim and give notice to all persons subject to registration in the several states and in the District of Columbia in accordance with the law, that the time and place of such registration shall be between 7 a. m. and 1 p. m. on the fifth day of June, 1917, at the registration place in each locality."

Every Citizen Can Assist.

"Thus, the men who remain to till the soil and man the factories are no less a part of the army that is in France than the men beneath the battle flags. It must be so with us.

"It is not an army that we must shape and train for war; it is a nation. To this end our people must draw close in one compact front against a common foe. But this cannot be if each man pursues a private purpose. All must pursue one purpose.

"The nation needs all men; but it needs each man, not in the field that will most please him, but in the endeavor that will best serve the common good.

"Thus, though a sharpshooter pleases to operate a trip-hammer for the forging of great guns and an expert machinist desires to march with the flag, the nation is being served only when the sharpshooter marches and the machinist remains at his lever.

"The whole nation must be a team in which each man shall play the part for which he is best fitted.

"To this end congress has provided that the nation shall be organized for war by selection and that each man shall be classified for service in the place to which it shall best serve the general good to call him.

Landmark in Our Progress.

"The significance of this cannot be overstated. It is a new thing in our history and a landmark in our progress. It is a new manner of accepting and vitalizing our duty to give ourselves with thoughtful devotion to the common purpose of us all.

"It is in no sense a conscription of the unwilling; it is rather selection from a nation which has volunteered in mass.

"It is no more a choosing of those who shall march with the colors than it is a selection of those who shall serve an equally necessary and devoted purpose in the industries that lie behind the battle line.

"The day here named is the time which all shall present themselves for assignment to their tasks. It is for that reason destined to be remembered as one of the most conspicuous moments in our history. It is nothing less than the day upon which the manhood of the country shall step forward in one solid rank in defense of the ideals to which this nation is consecrated. It is important to those ideals no less than to the pride of this generation in manifesting its devotion to

"Papa" Joffre is a smiling man, and the photographer in Washington caught him twice in the mood which earned him the title of "Papa" Joffre.

As to the Fireplace.

The sides of a fireplace should be well played or beveled in order to reflect the heat. The back should lean forward at the top for the same purpose, and the fireplace should not be too deep. A projecting chimney produces an effect of pushing the guest away, whereas a receding one beckons him nearer to enjoy the hospitality of the open fire. For this reason the Inglenook—that is, the fireplace built into the wall of the room—is especially cozy and attractive.

**Beauty**

On metropolitan boulevard or rural highway, the Stephens Six attracts attention.

The graceful curves and rich finish of the streamline body command admiration. Pride of Stephens Six ownership is reflected in the high and lasting polish of the blue body, with gold striping and old ivory wheels. The car is in harmony with the style and beauty for which New York's Fifth Avenue or Chicago's Michigan Boulevard are famous.

The body of the Stephens Six is the work of expert coach builders, craftsmen who follow the high standards established a half century ago when the makers of the Stephens Six were noted for the fine carriages that left their shops.

Motor Car Beauty is Only Paint and Body Deep

"Handsome is as handsome does" is an adage that applies to all automobiles. Stephens Six performance squares with Stephens Six appearance. The car has the essential quality and strength. It was built to give long and faithful service and to uphold a priceless prestige in the industrial world that the manufacturer has enjoyed for fifty-one years. Underneath the hood is a powerful motor, developing forty horsepower at high speed and with a flexibility that meets the exacting requirements of municipal traffic. Long springs and deep, roomy seats make for easy riding and comfort.

AUTO ACCIDENT

Mrs. C. A. Weyerhaeuser and Miss Bessie Lee and Two Guests in Accident at Belle Prairie

(Little Falls Herald)

Mrs. C. A. Weyerhaeuser and Miss Bessie Lee of this city and two guests figured in an automobile accident a short distance this side of Belle Prairie on the state road which, fortunately, did not prove very serious. Mrs. Weyerhaeuser was the only one of the party who was hurt and she sustained only slight scratches on one hand.

The party was returning home from an outing at their lake home at Alexander when the accident occurred. The right front wheel of the car came off and bounded over a wire fence, rolling way out into a field, and the axle struck the dirt, plowing up the road for a distance of about six feet, after which it left the road for about ten feet and then struck the bank, where it buried itself fast. The car was not traveling fast when the accident occurred.

The impact of the sudden stop when the car struck the bank threw Mrs. Weyerhaeuser who sat in the front seat next to Miss Lee, the driver, against the windshield and her right hand went through the glass. She had a pair of heavy gloves on and fortunately she sustained only a few scratches on the hand.

The damaged car was left on the road and the party was brought to town in the Musser car, which was sent out after them.

A Trip Around the World

Passengers may carry their own baggage provided it does not exceed weight of one child in lap. Bird cages same expense as adults. Transportation by automobile. Customs of the country will be strictly observed at each city visited en route.

WOMAN'S REALM

MASS MEETING POSTPONED

It has been decided to postpone the women's mass meeting to three-thirty Thursday afternoon, in order to secure the services of a woman of national reputation, who is giving an impetus to increased crop production, and the formation of "Thrifty Clubs" all over the state. This woman is Dr. Effie McCollum Jones. She gave an evening lecture on "What is Woman's Patriotic Duty" at Winona last week, and the next morning she was invited to speak before the high school, the normal, and at a meeting of a federated woman's club called for the purpose.

Mrs. Jones will give this same lecture in Brainerd Thursday evening, May 24th at eight o'clock at the Chamber of Commerce parlors, before a mixed audience.

Her talk at the woman's mass meeting in the basement of the library, will necessarily be short, as most of the time must be given to the work of organization. But Mrs. Jones will no doubt whet the appetites of her hearers and they will all come to hear her free lecture in the evening.

Remember the change of date, Thursday afternoon, at three-thirty at Library hall. If you live in East Brainerd you are cordially invited; if you live in Northeast Brainerd you are most cordially invited; if you live in Southeast Brainerd, you are urgently invited; if you live in West Brainerd, you will be most welcome. North siders and south siders, east siders and west siders—this means you.

HOME DESTROYED, IRONTON GIRL HURT

Iron-ton, Minn., May 19—The farm house, barn and all out buildings of William O'Connor a mile north of Iron-ton, were destroyed by fire.

Miss Gretchen Leiboldt, thrown from her horse near the Hill Crest mine, broke a rib and was badly bruised.

George Marks got his eyes full of sand while working under the pump at the Cuyuna-Minneapolis mine.

SALVATION ARMY

Cadet Hazel Reed to be Formally Welcomed at Army Headquarters Sunday

Cadet Hazel Reed, of Mankato, assisting in Salvation Army work in Brainerd, will be given a welcome meeting Sunday. In charge of the Brainerd corps is Capt. Herbert Belsham. In his youth he was active in baseball and for a time was employed on the Milwaukee Journal.

Peterson-Mallette

At St. Paul today occurred the wedding of Lieutenant Irie Mallette and Miss Florence Peterson. The bride is a charming young girl, a social favorite. Lieutenant Mallette, of the First Minnesota Infantry, has been stationed for some time at Brainerd, where he has made many warm friends.

Marriage Licenses

May 17—Ray Gorton and Leona Fielacher.

PEQUOT SCHOOL COMMENCEMENT

Pequot, Minn., May 19—The biggest event in the history of the Pequot consolidated schools will be the five big days of May 27, 30, 31, June 1 and 2.

The baccalaureate sermon will be given Sunday evening at the school auditorium. May 29 motion pictures will be given at the Lyric theatre.

Wednesday, May 30, the annual community picnic will be held all day at the fair grounds. There will be races, ball games, fat men's race, skinny men's race, relay race, etc.

"One of You Must Marry" will be presented Wednesday evening, May 30, in the woods east of the school house. This is advertised as one of the neatest little home talent plays ever given.

May 31 the fair will be held at the school house and grounds. "One of You Must Marry" will again hold the boards the evening of May 31.

Friday evening, June 1, commencement exercises will be held at the school auditorium and the fair will be continued.

Saturday evening there will be outdoor motion pictures south of the school house. Hundreds of visitors are expected from all parts of the county.

THIRD SYMPHONY CONCERT

Show Your Patriotism by Attending the Symphony Orchestra Program May 25th

Dr. Vincent, in his great speech before the convention of the General Federation of Woman's Clubs in New York last May said that Germany had demonstrated that a contented people makes the best fighting machine. Inasmuch, therefore, as it is still necessary to fight to defend our homes and our democratic ideals, anything that promotes general contentment, is patriotic.

What promotes contentment among the masses more than relaxing and expanding recreation, recreation that actually re-creates by reviving and stimulating nerve and brain tissue? And what does this more effectively than listening to the soothing or the stimulating strains of orchestral music—just such music as that played by our own Symphony orchestra?

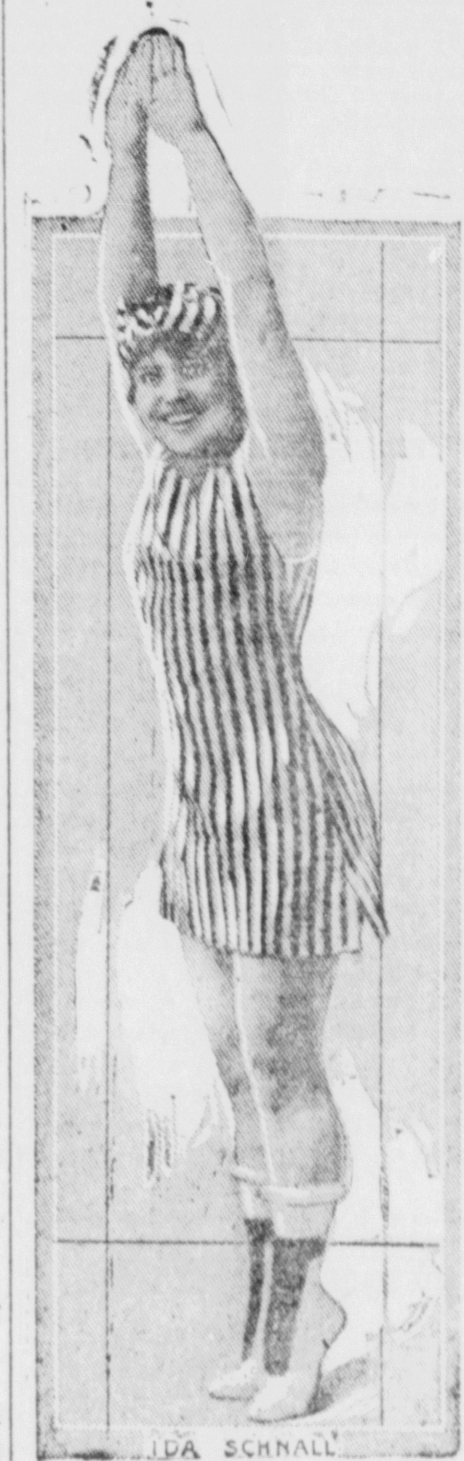

"I have heard of your wonderful Symphony orchestra," said Mrs. Andreas Ueland, of Minneapolis. "Isn't it quite unusual for a town of this size to have such an orchestra?" she continued, "It must be a real civic asset."

"I moved to Brainerd to give my children musical advantages," said a woman from a near-by village, which goes to prove that the orchestra is a real civic asset. But it is more. It not only advertises our city, and increases our local pride, but it promotes contentment and contentment promotes patriotism. If you believe in increasing patriotism, therefore, boost the things that make for contentment. Attend the last and the best orchestra concert of the season, and persuade your neighbors and friends to do likewise.

Hanging Out Clothes.

One woman states: "When the laundry man brings my wet wash I set the basket of clothes, pins and line into a little wagon and drag them to the clothes yard. I pull the wagon along as I hang the clothes on the line, thereby saving many steps, also lifting the heavy basket."

Bathing in Red and White

"No, this is not a bathing suit made of the national colors," said Miss Ida Schnall, expert in swimming and diving. "I would not use the national colors for such a purpose at this time, at any time for that matter. But I am going to use this costume of red and white all this year." The photograph shows her diving from a point fifty feet above the water.

MAL D. CLARK SCHOOL SPEAKER

St. Francis parochial school will have its commencement exercises on Tuesday evening, June 5, at the Brainerd opera house. The commencement address will be delivered by Mal D. Clark of this city. Boys and girls of the class will appear in a play.

GERMANS EAT CROW. PHYSICIAN DECLARES

 New York, May 19—Crow, Sparrow and woodchucks constitute the favorite meat luxuries on German tables to-day, a physician returning here after eight years in Berlin said. "Crows cost about 40 cents apiece and are considered luxuries," said he; "Sparrows retail at about 8 cents. Butter, when obtainable, is more than \$2 a pound."

DON'T WAIT

Take Advantage of a Brainerd Citizen's Experience

When the back begins to ache, Don't wait until backache becomes chronic;

"Till kidney troubles develop; 'Till urinary troubles destroy night's rest.

Profit by a Brainerd woman's experience.

Mrs. Charles Erickson, 1102 E. Oak street, Brainerd, says: "I suffered from weak kidneys for two or three years. Dull pains through the small of my back kept me in poor health and I also had headaches and dizzy spells. I got Doan's Kidney Pills at H. P. Dunn's Drug Store and they made me feel much better in every way."

Over Five Years Later, Mrs. Erickson said: "I use Doan's Kidney Pills occasionally for attacks of backache and always receive relief."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Erickson has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.—Adv't.

"He Profits Most Who Serves Best"

To the Readers of the Dispatch

It is true we think that a great many drugs and other drug store goods are bought at random. We believe, however, that it is best for every family to have a regular druggist and to select this druggist with care, because there is nothing that goes into the home that is of really greater importance than those articles which a druggist supplies.

If he is competent and so disposed a druggist can do much to promote his customers' interests. He can provide them with practical information and suggestions and protect them against inferior goods or unfair prices.

We try to conduct a drug store which will deserve the utmost confidence and good will of its customers. We take a real interest in the welfare of those who trade with us and we are constantly extending our trade among those who are careful in their drug buying.

We would like your drug trade. We believe we could be of value to you; that you would learn to appreciate the fact that we have a real interest in your welfare and that you would find it an advantage to make our store your regular trading place.

Yours very truly

\$35.00---Clinker Built Row Boat---\$35.00

We still have a few boats we are closing out at this remarkable price. The present wholesale cost of this boat is more than we are asking. We have only a limited quantity and when they are gone we cannot get more. Come early that you may not be disappointed.

Will Handle An Overboard Motor

This boat is strongly built with extra size keel and a double thick stern. Side strakes are double nailed to the stern. This construction takes away the ordinary vibration felt in so many boats when the so called "kicker" engine is attached. It is equipped with spruce oars and either stationary or loose oar locks.

FUR FROM DOMESTIC RABBITS

The war has interfered with im-
portations of rabbit or cony fur from
Europe and Australia to such an ex-
tent that both hatters' fur and cony
have risen materially in price. Nev-
ertheless, furriers seem to have made
little attempt to find or utilize a
home supply. Many, it is said, think
that cony is exclusively a foreign pro-
duct and that American-grown rab-
bits have inferior pelts of little value.
As a matter of fact, American breed-
ers are raising the same kinds of rab-
bits that produce the best cony of the
fur shops. The climate here is as
favorable for the production of good
fur as in Europe, and if American
rabbit skins are of poor quality the
true cause is bad management and
not climate or breed.

It is certain that as valuable rab-
bit fur can be produced in America
as elsewhere. Probably the quality
of the pelts can be greatly improved
by selective breeding. The impor-
tant thing is to induce the fur trade
to recognize the importance of the
domestic supply and to establish a
market for the skins with well-un-
derstood standards of preparing and
handling. A cooperative plan for ex-
hibiting good dressed skins to the
trade should, it is said, aid breeders
ers to accomplish their object.

VALUE OF COTTAGE CHEESE

Cottage cheese is one of the im-
portant meat substitutes, say special-
ists of the United States Department
of Agriculture. It contains a larger
percentage of protein (the chief ma-
terial for body building) than most
meats and furnishes this material at
a lower cost. In every pound of cot-
tage cheese there is about one-fifth
of a pound of protein, nearly all of
which is digestible. Meats, on the
other hand, usually contain less pro-
tein and besides have a certain waste
such as bone and other inedible ma-
terial. A pound of cottage cheese
daily would supply all the protein
required by the ordinary adult en-
gaged in a sedentary occupation.

In addition to protein, energy for
performing body work must be fur-
nished by food. As a source of en-
ergy also cottage cheese is cheaper
than most meats at present prices.
The following table shows the com-
parison when energy is considered.

On the basis of energy supplied,
one pound of cottage cheese equals:
8 1/2 ounces sirloin steak; 11 1/4 ounces
round steak; 11 1/4 ounces chuck rib
beef; 10 1/2 ounces fowl; 5 1/2 ounces
fresh ham; 5 ounces smoked ham; 6
ounces loin pork chop; 7 1/2 ounces
hind leg of lamb; 12 1/2 ounces breast
of veal.

HOW TO KILL POISON IVY

Poison ivy is a pest in certain lo-
calities of northern Minnesota and
any method that would tend to lessen
the growth would be gladly received
and tried out. The following is
recommended and is worth a trial:
Poison ivy will not be killed by a

single cutting, as new shoots or suck-
ers are persistently sent up from the
rootstocks. The rootstocks must be
exhausted by destroying the foliage
as fast as it appears, either by re-
peated mowing or by spraying with
a strong salt brine made at the rate
of 3 pounds of common salt per gal-
lon of water. If the weed is cut or
sprayed in June and the treatment
repeated about three times at inter-
vals of 10 days or two weeks, the
rootstocks will become exhausted and
die. Arsenite of soda (a violent
poison), 1/4 pound per gallon of wa-
ter, or crude oil may be substituted
for the salt spray. Spraying does
not affect the roots directly, but is
simply equivalent to cutting. How-
ever, there is the advantage that one
need not come into actual contact
with the plant.

HIGH PRICES COMPARED

The extremely high prices existing
today are being compared with those
of 1864 and a glance at the figures
will convince one that we are expe-
riencing now a taste of what the peo-
ple went through in civil war times.
The Franklin, Maine, Journal, re-
cords that in 1864 prints (calico)
sold for 50 cents a yard at wholesale;
Lancaster gingham cost dealers at
that time 40 cents a yard and apron
checks 52 1/2 cents. Ticking cost
62 1/2 cents; Canton flannel, 77 1/2c;
unbleached cotton, 60 cents; bleach-
ed cotton from 65 to 77 1/2c; spool
cotton sold for 17 cents a spool. A
lady recalls the price of flour in
1867 as being \$16.00; molasses was
\$1.00 and \$1.25 a gallon; sugar 20
cents a pound; butter 65 cents a
pound; salt pork 20 cents a pound
and kerosene oil 75 cents a gallon.

Do Business as Usual

Patriotism is in the air. We all share in
it. But we must not allow our patriotic
seriousness to upset our country's business.
Our nation is a prosperous nation because
we are a busy nation. Money is not made
in idleness.

Very little reflection is enough to con-
vince any thoughtful person that the reg-
ular currents of business need not, and will
not, be checked or diverted by the war.

While prices in many instances may be
high, there will be no scarcity of money,
no lack of employment, and no causes to
produce the conditions that we associate
with hard times. People should keep this
firmly in mind. While extravagance should
be avoided, and thrift encouraged, there is
no reason why money should not be spent
with all reasonable freedom.

We must not get hysterical, but all put
our shoulders to the wheel.

NOVEL DEFENSE IN LAW SUIT

Henry Theviot Wants Mortgage and Sale Annulled, Asserting Beer Was Consideration

OWNED VALUABLE PROPERTY

Asserted Brewery Was Operated in Violation of Indian Treaty and the U. S. Laws

In a suit filed in the district court, Henry Theviot seeks to have set aside and annulled the note, mortgage and foreclosure sale on certain of his farm lands later acquired by Earl F. Jamieson, alleging in his complaint that the note and mortgage first made with Edward Boppel and Werner Hemstead and later by them assigned to Jamieson, had been made by Boppel and Hemstead and the Brainerd Brewing Co. as its sole consideration.

Theviot alleges that for many years and until 1915 he was in the saloon business and bought beer from the parties named; that the beer so made, sold and delivered to Theviot was the sole consideration for giving the note and mortgage. He further alleges that Brainerd and the brewery are in Indian territory and the brewery had operated in violation of treaty and U. S. laws; that Jamieson purchased note and mortgage with full knowledge of the conditions.

On March 3, 1911, Theviot, as he alleges, executed to Boppel and Hemstead his promissory note for \$2,300, due in two years at 6 percent and delivered a mortgage deed on government lot 1 in section 27, township 134, range 28, such land being valued at \$5,000; and also on government lots 1 and 2 in section 27, township 136, range 28, such lots being valued at \$5,500.

On February 25, 1916, Boppel and Hemstead assigned the mortgage to Mr. Jamieson. The foreclosure and sale followed, Jamieson bidding in the property for \$2,714.13.

Theviot alleges that note, mortgage, foreclosure, certificate of sale and assignment are void. Judge A. D. Polk is attorney for Mr. Theviot.

TURTLE REGISTER MAKES PILLAGER

Little Snapper Carries a Regular Autograph Album on its Back, Many Initials in Shell

JOE HARTELL OF BRAINERD

Carved His Name on Turtle's Back With Initials "J. L. H. 1895". 22 Years Ago

(Pillager Herald)

Wm. Parks was exhibiting a turtle here Sunday which, to say the least, was an extreme curio. The turtle was a small "snapper", its shell about nine inches long and five or six wide. On its back was carved the figures 1900. On its stomach shell were several letters and dates.

One was "JLH 1895," which were carved there in that year. The initials were those of Joe L. Hartell, now a blacksmith at Brainerd.

Another was "LB 1896," those the owner of these is unknown. Another was "GL 1900," being those of Gat Lasher, formerly of Pillager, but now deceased. Still another were those of Geo. Parks, which he carved on it May 2, 1910. He recognized the turtle and initials as soon as shown him.

Three others, W. H. Parks, John W. Lee and J. F. McGuire carved their initials on it Sunday, and then it was taken back to the pasture and let go. It will be interesting to know who finds it next and how long it will be.

SURVEY OF CITY WILL FOLLOW SOON

Following this "Clean Up Week" a survey of the entire city will be made by the sanitary officer. Wherever rubbish and disease breeding conditions are found, the full authority of the law will be made use of. Fore-warned is fore-armed.

COMMUNITY ACTIVITIES

Schedule for Coming Week Shows Keen Interest on the Part of Public Spirited Citizens

AUTO RUN TO WALKER SOON

Plans to be Made to Hold it Early in June—Waste Paper Depot Opened May 24th

 Monday, May 21—House & Social committee, 7 P. M. sharp.
 Drum corps 7:30 P. M. Joint meeting, conventions and agricultural committees, 5 P. M.
 Wednesday, May 23—Regular meeting, Chamber of Commerce.
 Thursday, May 24—Opening of waste paper depot, Flitzer 1/4 building, Front street. Lecture by Dr. Jones, conservation of foods. Red Cross work and home gardens, auspices. Music club, Chamber of Commerce, afternoon meeting for ladies, evening meeting men and women, all invited.

The foregoing schedule of community activities at the Chamber of Commerce rooms during the coming week indicates keen interest in the part of local organizations, through the natural clearing house provided by the public spirited citizens of Brainerd. The rooms of the Chamber of Commerce have been in almost constant use during the year and the summer months bid fair to be marked by equal activity and life.

Committees
 The house and social committee will hold an important meeting Monday afternoon and every member is expected to be present. The drum corps will meet at Gardner hall immediately after this meeting.

The conventions and agricultural committees will go over the plans for the state dairymen's convention, to be held here the latter part of June. The program is to be gotten out and details arranged. No excuses will be accepted by the chairmen of these committees. "Do your bit," is the slogan and it stands.

The waste paper warehouse will be open Thursday and Friday and all who have waste paper to ship are invited to bring it there and have it made ready for the car.

Woman Lecturer
 The ladies are taking an active interest in community work of the practical kind. On Thursday, May 24, Dr. M. Jones, a lady of wide experience and recognized as one of the ablest speakers on community problems of special interest to the ladies, will speak to the women of the city at 2 p. m. at the Chamber rooms. In the evening, she will give another lecture to men and women, her subject being "Red Cross Work, Food Conservation and Home Gardening." This will be an interesting and instructive lecture and a good attendance is desired.

Meeting of Chamber
 The regular meeting of the Chamber of Commerce will be held Wednesday evening, May 23, at 8 o'clock. A number of important matters are to come up and a general clearing up of the business of the early summer months is necessary.

"Dandelion Day"
 The matter of holding another "Dandelion Day," similar to that so successfully carried out last year, will be considered. It is pointed out that these pests are decidedly appetizing for greens at this time of the year and that those who pick or pull them will subserve two purposes, namely, afford a delicacy for the table and materially aid in keeping them in control before they bloom and their seed is carried abroad to multiply and add to the "crop" already admitted more than is desired here as well as in other localities.

The advisory board met Friday afternoon and considered, informally, this and other matters and they will come up for final disposition at the Wednesday evening meeting.

Run to Walker
 The proposed sociability run to Walker will be discussed at this meeting and plans made to hold it early in June. This will make an ideal trip and those who have been over the route are enthusiastic over the idea of conducting a tour which can be made a big success, if all cooperate.

It is anticipated that the coming week will be an unusually active one and will clear the slate, in a measure, before the hot weather comes on and our people are anxious to be out at the lakes or on pleasure trips into the country.

PRAISES IDEA PUBLIC MARKET

Chairman P. B. Nettleton, of the Chamber of Commerce public market committee, has received this letter from A. N. Gray, manager of the Bay Lake Fruit Growers association:

"A public market would be a great benefit to the farmers and consumers of produce of all kinds. Yes, we would like to rent space if possible. Would be pleased to talk this over with you one day next week. Vegetables and fruit should be in the hands of consumers as soon as possible after being prepared for market."

HAD TAKEN BRASS

Three Lads in Municipal Court, Complaint Being Sworn to by Officer John Wilson

Charged with taking 32 pounds of brass and a Northern Pacific pipe wrench from railway cars on the tracks near the shops, Clifford Matheson age 12, George Anderson age 16 and Floyd Enemark age 12, were before Judge Walter F. Wieland in municipal court this morning.

Matheson and Anderson pleaded guilty and were placed under special guardianship of their parents to report to the court on the first of each month. Enemark, who has been in trouble before pleaded not guilty and his case will be referred to the district court for final action.

The complaint was sworn to by Special Officer John Wilson and his testimony was that he had seen the boys take the brass, saw them bury it in a swamp near Nineteenth street, at about 7:30 P. M. on May 11, and that when the boys saw him they dashed away. Wilson started in pursuit but had to give up on account of mud and water.

Enemark pleaded not guilty and was thoroughly questioned, in his answers admitting much.

Even This 30,000 Will Not Be Enough

There will be 30,000 Smith Form-a-Trucks built this year—but even this huge production will not be enough. So if you have waited for further proof of the wonderful economy—efficiency—service value of this tremendous achievement in motor transportation, don't wait another day.

Over 10,000 users—over 450 lines of work—are all the proofs you need, and there is not a single Smith Form-a-Truck owner who will not say that he has cut delivery and hauling costs from 50% to 75%.

This year you not only get this wonderful attachment at the price of a good pair of horses, but you get it adapted to any Ford, Maxwell, Buick, Dodge Bros., Chevrolet or Overland Car. So you can select the power plant you like the best—have the most confidence in.

Smith Form-a-Truck is the mule hauler of the world—the master economizer in hauling and delivery cost—the master saver in equipment investment.

Come in today for a demonstration—but don't put off your order.

Sudden Death

Before an Insurance Company will take a risk on your life the examining physician will test your water and report whether you are a good risk. When your kidneys get sluggish and clog, you suffer from backache, sick-headache, dizzy spells, or twinges and pains of lumbago, rheumatism and gout, or sleep is disturbed two or three times a night—take heed, before too late!

You can readily overcome such conditions and prolong life by taking the advice of a famous physician, which is: "Keep the kidneys in good order, avoid too much meat, salt, alcohol or tea. Drink plenty of pure water and drive the uric acid out of the system by taking Anuric, in tablet form." You can obtain Anuric at drug stores, the discovery of Dr. Pierce of Invalids' Hotel, Buffalo.

TROOPS TO GO ABROAD

Continued from page 1)

ent stage of the war of the authorization to organize volunteer divisions. There was talk in army circles of the possibility that a way would be found to use the former president's services in another way, but official comment on the subject was lacking. General Pershing has been in Washington some days. He was summoned from the Southern department, which was under his command.

The man who led the expedition into Mexico and handled the difficult task with such judgment and skill as to win the complete confidence of the president and his advisers has worked hard on plans for the expedition to France. He has been in daily conference with Secretary Baker, Major General Bliss, acting chief of staff, with department officials co-operating in the preparation of the forces he will lead against the Germans and also with Lieutenant General Bridges, head of the military section of the British mission and a veteran of the battlefields of France.

Selecting Force With Care.

No information that either French or British officers have been able to furnish has been lacking and there is every indication that the regular forces which will compose the expeditionary division are being selected with the greatest care.

No inkling of the plans for that division have been allowed to leak out. It is known, however, that orders have already gone forward to officers of tried judgment and long experience notifying them to prepare for foreign service.

The war in Europe has developed many new phases of battle not heretofore known in military science.

Artillery has decided the fate of many battles and every army has doubled and trebled its guns, both in size and number.

For this reason it was thought likely that the expeditionary forces would include a disproportionate number of artillery troops and be backed by a solid wall of guns when it comes to grips with the enemy.

The number of men in the expeditionary force has not been disclosed.

A division at war strength, however, totals more than 25,000 men of all arms and the "approximate" division of the war department's statement probably will exceed that figure.

President Explains Course.

In his explanation of his reasons for not availing himself of the so-called Roosevelt amendment to the army bill Mr. Wilson has brought out sharply the points made against that amendment by army officers.

Many officers who are warm admirers of the former president have condemned his proposal to raise a volunteer army corps or division on the ground that it would drain the regular service of men vitally needed to train the millions that must be whipped into fighting trim in all too brief a time.

The list of regular officers Mr. Roosevelt desired to take with him has been the subject of much speculation and comment.

It has been regarded as virtually certain that Major General Leonard Wood was the former president's selection for supreme command of the force.

Under the plans of the war department General Wood, by reason of his great experience in mobilization problems, his unflinching energy and enthusiasm, has been assigned the hardest task of any general officer.

He will direct, as commander of the Southeastern department, the mobilization and training of twelve divisions or more than 300,000 men, among whom, without question, will be those who will be first selected to follow General Pershing's forces to France.

ABOUT TEN MILLION MEN WILL REGISTER

Washington, May 19.—The war army bill as passed by congress, finally reviewed at the war department and signed by President Wilson, puts into immediate motion machinery designed to produce within a year's time a national army of more than 1,000,000 trained and equipped men, backed by adequate reserves of men and supplies and by an additional 500,000 soldiers under training. The president's proclamation summons approximately 10,000,000 men from twenty-one to thirty years of age to register for military service and setting the date (June 5) for registration.

Regular army regiments already are in motion northward from the border, preparatory to the expansion of the regular service to full war strength. Of the 183,898 men necessary to bring the regulars up to the 293,000 mark 74,933 already have been recruited and the remainder are expected to come in before June 15.

Worms Handicap Your Child

Worms drain the strength and vitality of children, making them dull and listless. Their power to resist more serious diseases is reduced and energy and interest in play is lacking. Kickapoo Worm Killer is a mildly laxative remedy in candy tablet form that children like to take. It kills and removes the worms and lets your child grow strong and healthy like other children. Don't let your child be dragged down by worms. Full directions on the box. At all druggists, 25c.—Adv. ttw

Liberty Loan

America is Calling for Financial Volunteers

THAT AMERICA may strike the winning blows for the freedom and democracy of the world, your government calls today for financial volunteers.

You who wish to see the War ended quickly—you who desire the prosperity and safety of American business—to you Uncle Sam offers today the opportunity to make the best financial and patriotic investment of your life.

To you Secretary of the Treasury McAdoo says: "The greatest immediate service the American people can render in this War for universal liberty throughout the world is to furnish the means for its vigorous prosecution. This bond issue is the first step. I earnestly bespeak the co-operation of every citizen throughout the length and breadth of the land in this great service of patriotism."

In asking you to subscribe to the Liberty Loan your Government is not asking you to spend your money. Instead it holds out to you a splendid opportunity to save and invest.

When you invest in a "Liberty Bond" you get a signed promise backed by the total resources of the richest nation in the world—a wealth of \$250,000,000,000.

HOW THE FINANCIAL VOLUNTEER AIDS HIS COUNTRY.

The Liberty Loan is to be used to extend credit to our Allies, so that they may purchase our products and materials. Not a dollar of this loan will leave this country or pay for other than American products. The financial volunteer is enabling his country to extend this credit, and to market more American goods.

The extension of this credit by our government is going to quicken the pulse of American business for years to come. It makes us the biggest creditor of our Allies and binds them more firmly than could any treaties. It broadens the market for our goods, increases the demand for what we have to sell and speeds up production.

3½ PER CENT NET INCOME.

Liberty Loan Bonds bear 3½ per cent interest, payable semi-annually December 15th and June 15th. Our government has made these bonds ex-

empt from all taxes, except inheritance and estate taxes, so that they yield an absolutely net income of 3½ per cent.

If before the end of the war, government bonds bearing higher interest should be issued, you can exchange your Liberty Bonds for them.

IN MULTIPLES OF \$50.

These bonds have been purposely made in multiples of \$50 so that every one might have this opportunity to become a Government Bond Holder. Liberty Loan Bonds mature in 30 years and are redeemable in 15 years. Bonds in multiples of \$100 may be registered, so that the income comes to you automatically.

The last great Government Bond issue sold for par in 1898 and for 110¾ in 1900.

FOR EVERY PERSON IN EVERY FAMILY.

A Liberty Loan Bond is the ideal investment for every member of the family.

For those in the family who are just starting to get ahead, Liberty Loan Bonds afford a protected investment where their savings are profitable and secure.

Why not buy Liberty Bonds for the baby now and provide for his college education?

Liberty Bonds are the best basis for credit in the world. When you find yourself short of cash or when collections are slow and you need cash to get your discounts, just present your Liberty Bonds to your banker and he will take them as security for a loan. He'll hold the bonds until you are ready to repay your note—when he'll return them to you—and all the while they will be paying you interest.

Believing that it is the wish of this country to have this opportunity to invest and receive interest for the financial support they give in this war, rather than to carry the entire amount by taxation, your government is offering you this chance today. This is a solid business proposition—a chance to invest in the best securities in the world while at the same time performing as patriotic an act as you can do. Should this issue not be completely subscribed the burden of taxation will probably have to be assumed.

Be a government bond holder in the greatest war of liberation the world has ever known. Make your subscription at any bank, bond house, trust company, department store or post office today.
